

Vienna, July 05th, 2023

About: Declaration in accordance with article 33 of the REACH Regulation (EC) No. 1907/2006 and Substances of Very High Concern, SVHC

Dear most valued customer

Auer Signal hereby certifies that, in conformance with the Regulation (EC) N° 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), its products are made of materials / substances that have been registered according to the REACH Regulation.

Auer Signal neither manufactures nor imports chemicals and is only a downstream user of articles, and therefore does not need to do any registration. Today, all our business partners gave us sufficient guarantees that the materials and products that we use in the manufacturing of our products are registered according to the REACH Regulation.

Substances of Very High Concern (SVHC)

The identification of Substance of Very High Concern (SVHC) and their inclusion in the Candidate List is an ongoing process, Auer Signal continuously reviews the Candidate List to ensure REACH conformity.

The SVHC listing was last updated in June 2023. There are now 235 identified substances. Please refer to the ECHA website for the SVHC listing status (<https://echa.europa.eu/candidate-list-table>).

As per Article 33 of the REACH Regulation, Auer Signal hereby notifies customers that our products may include items which contain more than 0.1% by weight of some SVHC Candidate Substance.

Details of the identified substances in the lists below and at <https://echa.europa.eu/candidate-list-table>

Authorization List - Annex XIV

Auer Signal products do not contain any of the listed substances included in Annex XIV "Authorization List".

Restriction List- Annex XVII

None of the usage restriction conditions mentioned for the substances listed in Annex XVII "Restriction List" are applicable to Auer Signal products.

Best regards

Dipl.-Ing. Philipp Hoffer
